Coronavirus Update

March 19, 2020

Dear West Perry Families,

Here are some important updates:

1. We are working on plans for continuing education, even in the event that school is closed beyond next week. Although we do not know if that will happen, we are collecting data on the resources that families have in place to assist with planning for this closure, or for any other emergency or weather closure that might happen in the future.
We ask that one adult from each household respond to the [Internet and Computer Accessibility Survey](#) by Sunday, March 22.
2. Enrollment for the bagged lunch program has closed for Monday, March 23, but you can still enroll using the [Lunch Distribution Survey](#). New enrollees will start lunches on Wednesday, March 25.
3. We have created a page on our website with all the information you need to stay up to date on matters related to the West Perry School District Coronavirus Closure. The Announcement link and FAQ link will be updated as information changes. Please visit [this page](#) periodically to check for new information. A link to this page will be present in a news article on the District's homepage.
4. If you have any questions, or needs during the school closure, you can submit them to emergencysupport@westperry.org. This mailbox is monitored daily.
5. We hope that you are visiting teacher pages on our website and engaging students in activities. We all want our students to keep active minds, even though they are not in school.

David Zula
Superintendent
West Perry School District
