April 7, 2020

Dear WPSD Families,

I hope each of you and your family members are healthy and safe! Our thoughts are with our WPSD families, in particular those who are experiencing any challenges associated with the COVID-19 Pandemic. Please know that we are here to provide encouragement and support to you and your children to get through any difficulties your family may be facing.

On Monday, April 6th, we began the West Perry School District's Continuity of Education Plan. Our teachers, administrators, and staff have been hard at work preparing their learning platforms and communications. Many of you have already received communications from your teachers and have completed assignments. Expectations from teachers will be light this week as we recognize that everyone is acclimating to a new system.

The district has decided to continue with the school calendar that is in place. No requirements will be placed on students and staff for Thursday, April 9th and Monday, April 13th. Teachers will still announce next week's assignments by 5Pm on Friday, April 10th. Any assignments that were provided by teachers will be due by 7AM on Tuesday, April 14th. Points that were achieved during the week of April 6th will be posted by 5PM on Tuesday, April 14th. Teachers will communicate any changes to you regarding scheduled meetings/office hours that were to be held on Thursday, April 14th.

Lunch distribution will continue on Monday, April 13th. Please continue to complete the lunch survey that is located on the COVID-19 portion of the website if you would like to participate. If you no longer want to participate in the lunch program, please email emergencysupport@westperry.org. The next distribution for the Perry County Back Pack Program will be April 20th.

Please continue to visit our COVID-19 and Continuity of Education Frequently Asked Question (FAQ) pages for updates. These pages are located on the district website or by clicking [COVID-19 FAQ](#) and [COE FAQ](#).

We truly appreciate your flexibility, patience, and understanding as continue to manage the challenges before us. Please stay healthy and be safe!

Sincerely,

David Zula
Superintendent of Schools
West Perry School District
