The three gold key winners, Shaley Spivey, Olivia Stuckey, and Gabrielle Zimmerman, are advancing to the national competition.

4. Staffing shortages remain a concern across the district. We have a number of open administrative, instructional, and support positions, as well as bus and van drivers. Mrs. Derr is working to spread the news and I encourage anyone who is looking for a great place to work to check the employment page of our website.

5. We will be moving the April Committee of the Whole meeting from April 4th to March 28th as I will be attending the Pennsylvania Federal Programs Coordinator's Conference.

6. We are approving the appointment of our new Attendance Liaison position this evening. This new position will focus on reducing the barriers to chronic truancy and improving attendance rates at all schools.

7. Finally, we have removed the approval of the Sadler lease agreement from tonight's agenda as some of our board members have expressed that they would like more information before making their decisions. We have scheduled two information sessions for this purpose. The first will be an Executive Session meeting on February 28th for board members. Some of our staff members will share their experiences in working with students who would benefit from the services offered by a school-based health clinic. This meeting will be closed to the public. The second session will occur during the regularly scheduled Committee of the Whole meeting on March 7th. This meeting will include a public forum to answer questions about the Sadler agreement. I will be sending out a notice across the district inviting members of the public to submit questions about this partnership in advance. There will be a live panel to answer questions from the board and the public.

## 4. Special Presentations

### Minutes

1. Staff/Student Spotlight - Mrs. Jones noted at Blain Elementary, we have been very fortunate to receive great support from our community – a few examples include donations to our PTO and their fundraisers, local organizations donating coats, clothes, and school supplies, and individuals supporting families at Christmas.

In an effort to pay this support forward, the students at Blain have a yearly drive to raise donations for other organizations.

This evening, I would like to spotlight our students and their kindness and generosity. For the last several weeks, our students have been participating in a snowball challenge in an effort to raise money for the Perry County Animal Rescue.

For every \$.50 that a classroom collected, they earned a “snowball” that they were able to throw at another classroom’s door, with the goal of being the classroom at the end with the fewest snowballs on its door.

I am very excited to report that through the extreme generosity of our students and their families, Blain Elementary students raised \$2,342.81 for this local organization! In the upcoming days, we will finish throwing snowballs and soon have our tallies and be able to name the classroom who earned the title "Rulers of Generosity Mountain." So a huge, thank you to our students and their families for your great effort in giving back to our community!

I would also like to share that events such as this and many others that celebrate our students and our school spirit, wouldn't be the success that they are without the help of several special people. I would like to recognize Mrs. Hansbury, Mrs. Kirstner, and Mrs. Shenk:

- I cannot thank Mrs. Hansbury enough for her enthusiasm and dedication to our students. She is continually looking for ways to make school the best experience it can be for our students ... Whether it's heading to the sunflower field as farmer Hansbury to challenge our students to exhibit positive behavior and earn a trip to the pumpkin patch, organizing a special breakfast for our students at Christmas, or in this case bringing back the much loved snowball challenge, Mrs. Hansbury is tireless in her effort to make school a great experience for our students and to keep them connected and excited to be here.
- I also want to thank Mrs. Kirstner, our student council advisor, for her dedication to developing young leaders and strong citizens. Mrs. Kirstner works closely with our building leadership team to create ways for our students to become involved in school activities and special events and to show leadership throughout the building. During this specific event, not only did our student council members advertise our donation drive, and collect the money weekly, but Mrs. Kirstner also had students share quotes related to generosity on our daily announcements ... reminding our students about the importance of what we are doing. Thank you for your continued work to help our students grow.
- Last but not least, I want to thank Mrs. Shenk for her dedication to our students and our entire Blain Elementary community. Not only is Mrs. Shenk our students' biggest supporter and cheerleader, she also makes sure all of the fine details of these events are in check. Whether it is advertising our challenge, recognizing our readers monthly, or celebrating our students' accomplishments with announcements or other special recognitions, her kind, caring spirit, makes our students feel connected to school and helps them to know how much they are individually valued and appreciated, and for that, I can't thank you enough.

Again, a huge thank you to our students and also to our entire staff for all they do to make West Perry proud!
